

## Foreword

Hello friends of historical rallying,  
welcome to our monthley news from the world of historical rallying and from RREvents, the organizers of **Coppa d'Europa** en **Coppa d'Europa GT**.

### ATTENTION: 1st ENTRY DEADLINE ON NOVEMBER 1st!

After we postponed our first cost-effective entry deadline (we reported on the reasons in our last newsletter) for our "Anniversary Coppa" by one month to **November 1st, 2025**, this date is now quickly approaching.

Take the opportunity and send us your entry before this date!

The 2nd entry deadline is **January 1st, 2026**, and the final entry deadline is **January 10th, 2026**.

## REGISTRATION ISSUES

It seems that some potential participants are having problems with online registration and (also?) have not received their entry confirmation.

There are also participants whose entry fee has reached us, but from whom we have not yet received a entry-form (perhaps the same problem?).

All those who have entered so far but have not yet received a confirmation should definitely contact our rally secretary Jan Timmers (**[timmers@coppa-europa.org](mailto:timmers@coppa-europa.org)** or by phone: **0031-642-628666**) who will then surely resolve the problem quickly.

## REGULATIONS

Since October 1st, you can find the preliminary regulations (for Coppa and CoppaGT) on our websites **[www.coppa-europa.org](http://www.coppa-europa.org)** and **[www.coppa-europa-gt.org](http://www.coppa-europa-gt.org)**.

Gradually, explanations and sketches are being added to clarify the map reading systems to be driven. We recommend studying everything thoroughly.

## CHANGES FROM THE COPPA 2026

As we already announced and promised at our last Coppa, there are some changes regarding our time schedules.

Since our rally days were very long (starting every day early in the morning at 7:00 AM) and, due to the often difficult to find wanted hotels, the daily finishes were often only reached very late, we have, also due to the aging of many of our participants, as well as ourselves, made the daily sections a bit shorter. However, this does not mean that our usual quality will suffer.  
For example, we will now start at 8:00 AM on all three rally days and arrive in the hotels a little earlier as usual.

## DCS (GERMAN CLASSIC SERIES)

Last weekend, the final 2025 scoring round for the DCS took place. In Ybbs an der Donau (Lower-Austria), the challenging rally "6th CLASSIC 1000" started, part of this popular classic rally championship.

### DCS – GALA, ANNUAL CELEBRATION AND AWARDS CEREMONY 2025

On 1st November, the traditional DCS Gala with the annual celebration and award ceremony will take place in Oberursel, at the 'Kraftwerk'. Our Coppa d'Europa has been involved in this attractive and high-class championship for years as the organiser of an event ([www.dcs-rallye.de](http://www.dcs-rallye.de)).

## ECC – CHAMPIONSHIP CELEBRATION 2025

On 15th November, the members, organisers and successful participants of the Euregio Classic Cup will meet in Eupen (B), close to the German border, at the 'Atelier' for this year's championship celebration. We have enjoyed a friendly relationship with the ECC, known for its beautiful and challenging rallies (mostly day events) in the west of Germany, for many years ([www.euregio-classic-cup.de](http://www.euregio-classic-cup.de)).
